Fields Ertel projects braked

The Enquirer

Deerfield Township trustees have moved to prevent sprawl along the Fields Ertel Road corridor.

They have enacted a moratorium, effective through May 1, 2008, that prevents issuing new zoning certificates for development or re-development projects within 1,000 feet of the road. Projects already in the pipeline are unaffected.

Officials plan to use the time to prepare a comprehensive plan to guide growth.

Information: 513-683-5805.
